Stewart Indian School New Gym Cleanup Project
Painting of the interior gym walls is scheduled to begin in late February. Bobbi Rahder and Chris Ann Gibbons found an old picture that shows “Moccasin Square Garden” painted on the east gym wall. Buildings and Grounds is looking into getting the title stenciled onto the wall during the repainting. They are waiting on the cost estimate.

The gym is becoming attractive to afterschool sports groups. It is now being used Monday through Friday by the Carson Girls’ Soccer, Dresserville Agility Training, and Carson Girls Softball. The gym is also being used for weekend wrestling and basketball tournaments.

Stewart Indian School Building Cleanup Project
The Nevada Indian Commission (NIC) continues to work with the Stewart Facility Buildings and Grounds, and State Historic Preservation Office (SHPO) to target buildings for cleanup. To date the dining hall, auditorium, and the girls’ dormitory have been cleaned out. Bobbi Rahder, Sari Nichols, and Ron Bodnar from Buildings and Grounds (B&G), walked through and inventoried what is to be preserved from the items that were left after the cleanup. The SHPO agreed with the inventory.

Stewart Indian School Landscape Preservation Plan
The NIC continues to collaborate with the Stewart Facility B&G on the implementation of projects in the Stewart Indian School Preservation Plan. Buildings and Grounds has reported that due to the warm weather they are going ahead with work on the sidewalks. They will start with the small front cottage on the east side of the campus and possibly extend a sidewalk up to the Auditorium.
